Airport buses run from Incheon International Airport to most parts of Seoul. Tickets may be purchased at the ticket booths just outside the passenger terminal (arrival area) on the 1st floor. Detailed inquiries on bus routes and bus stops can be made at the Airport Information Desk, conveniently located on the 1st floor. Night buses (24:00–03:50) are also available.

### *How to use the Airport Bus*

Check your bus route at either of the Airport Information Desks between Gates 3 and 4 or Gates 11 and 12 on the arrival floor (1F), or the Airport Bus ticket booth. Buy your ticket at one of the ticket booths. Your ticket will list the bus stop location. Go to the bus stop and check the bus route and departure time. When on the bus, make sure to listen to the English recording so you don't miss your stop.

## Airport Bus Ticket Booth

The ticket booth for the Airport Bus is located next to Gates 4 and 9 inside the arrival floor (1F) and outside next to Gates 4, 6, 7, 8, 11, 13 and 9C.

## **Bus Types**

There are two types of airport buses: deluxe and standard. Deluxe buses are KAL limousines and other bus companies that operate non-stop or shortened routes to major hotels and destinations. These buses make fewer stops (shorter travel time) and have comfortable seats with more space. Standard buses tend to be more crowded with smaller space and make more stops.

## **Bus Fare (from Incheon Airport)**

Note: Buses and Taxis only accept Korean Won, so you will need to exchange won before taking transportation.

Deluxe Limousine Bus:

To [Gimpo International Airport](#): Around 7,500 won (\$6.17 USD)

To downtown Seoul: 14,000-16,000 won (\$11.53 to \$13.17 USD)

[http://english.visitkorea.or.kr/enu/GK/GK\\_EN\\_2\\_2\\_2\\_3.jsp](http://english.visitkorea.or.kr/enu/GK/GK_EN_2_2_2_3.jsp)

If you find it difficult to take the Airport Bus, you might want to take a taxi. Exit Incheon Airport through any gate between Gates 4 and 8 of the passenger terminal (arrival area), cross the street, and go to the taxi stands (4D-8C). It is not unusual to be approached by a taxi driver inside the passenger terminal, but we suggest ignoring them and follow the standard protocol.

Depending on your destination, the fare for a standard taxi from Incheon International Airport to downtown Seoul can be anywhere from 55,000 to 100,000 won (\$45-\$80 USD). Also, the 8,000 won (\$7 USD) (small-sized car) toll for the Incheon International Airport Expressway is the responsibility of the passenger, not the driver.

If by chance a driver tries to take advantage of you by demanding an inflated fare, take a picture of the license plate or driver's ID (usually displayed on the dashboard) and report the incident to the Seoul Global Center (+82-2-731-6800~1), which offers services in English, Japanese, Chinese, Tagalog, Mongolian, Vietnamese and Russian. You can also report your complaint to the Dasan Call Center which offers services in English, Japanese, Chinese, and Vietnamese (+82-2-120).

We suggest that you have the name of the hotel in Korean as well as the address in Korean prepared in advance to show the taxi driver. Most taxis are equipped with a GPS system, so the driver can enter the name of the destination or address in the GPS. The Korean addresses and names of Kintex and some hotels have been listed at the end of this document.
